

Take part in the World PI Week sharing campaign!

Help us raise awareness of primary immunodeficiency worldwide!

How to get involved?

- **Online: Social media**

From 22 to 29th April 2019, share the World PI Week [postcard](#) on Twitter, Facebook or Instagram with **one key fact about primary immunodeficiency, tagging a minimum of 4 people** (family/relatives, friends, colleagues, your city mayor/a member of parliament in your constituency or your local government etc.). These will in turn have to share it with 4 other people! Don't forget to let them know in your post that they shall also recirculate it, and **use #WorldPIWeek!**

- **Offline: Mailing & post**

You can also [download and print](#) the postcards, to send them by mail, with a little personalized note!

This will help put primary immunodeficiency on the spotlight and bring attention to the messages of the primary immunodeficiency community.
